

88. With you.

Underneath the stars,
where the night feels right,
I caught a glimpse of you,
and my world ignites.

I get upset lost in your gaze,
Every little moment, in a dreamy haze.
Your laughter dances like
a sweet summer breeze,
In a crowded room, you are the one I see

Enchanted by the magic in your eyes,
every smile you give, light up my heart..
I'm falling deeper in love, can't you see?
That's what your soul is doing to me

Every whispered word is,
like a soft serenade,
if it were up to me,
our love won't never die.
Through the fields of gold,
hand in hand we'll go,
With you by my side,
With you by my side,
I finally feel all right.

Enchanted by the magic in your eyes,
every smile you give, light up my heart..
I'm falling deeper in love, can't you see?
That's what your soul is doing to me

So let's dance
under the moonlight
With every heartbeat,
I'm closer to no hide
This love we share
is so beautiful.
I melt away in your arms willful.

Enchanted by the magic in your eyes,
every smile you give, light up my heart..
I'm falling deeper in love, can't you see?
That's what your soul is doing to me

So here's to the dreams we'll share,
With every moment, I'll be there.
with you everything feels so right,
your beautiful smile makes my life light.

everything feels so right

with you

everything feels so right

with you
