

## love and freedom

[verse 1]

Invasion is here  
For Many years  
girls will be slaves  
Sea full of tears

lives will be taken  
Girl, man, stones  
If not proper dressed  
head, flesh and bones

[chorus]

we have a problem  
Can you help us please?  
we have a problem  
it's called Bad leaders disease  
Too many organizations  
play for God  
by war and vaccinations  
We need to solve fraud.  
We need to solve fraud

[verse 2]

Control for our safety  
Children disappear  
Some find them very tasty  
but not this song to hear

Girl, man, stones  
head, flesh and bones  
Girl, man tape  
There is no escape

[chorus]

we have a problem  
Can you help us please?  
we have a problem  
it's called Bad leaders disease  
Too many organizations  
play for God  
by war and vaccinations  
We need to solve fraud.  
We need to solve fraud

[bridge]

words are banned,  
good is bad now  
It's al to crazy  
Lets make it wright  
somehow

[chorus]

we have a problem  
Can you help us please?  
we have a problem  
it's called Bad leaders disease  
Too many organizations  
play for God  
by war and vaccinations  
We need to solve fraud.  
We need to solve fraud.

If you like it that way  
You're very welkom  
If you like it that way
