

52. In time

I wish I could put, all my troubles on a ship  
and let it go, over sea  
Or put it in a bag and throw it, far from me

I know in time,  
everything will be all right  
in time, nothing will remember  
But I wish it could be  
the solution for me  
and my everyday  
troubled mind

my love  
how, can I forget  
while my soul  
wants it all to stay  
my love, tell me  
will I see you soon  
my love  
how, can I forget  
while my soul  
wants it all to stay  
my love, tell me  
will I see you soon  
my love  
will I see you today  
I can't live if it stays

I know in time,  
everything will be all right  
in time, nothing will remember  
But I wish it could be  
the solution for me  
and my everyday  
troubled mind

I wish I could put, all my troubles on a ship  
and let it go, over sea  
Or put it in a bag and throw it, far from me

I know in time,  
everything will be all right  
in time,  
nothing will remember  
But I wish there was  
a solution for me  
and my everyday  
troubled mind

my love  
how, can I forget  
while my soul  
wants it all to stay  
my love, tell me  
will I see you soon  
my love  
my love  
how, can I forget  
while my soul  
wants it all to stay  
my love, tell me  
will I see you soon  
my love  
will I see you today  
I can't live, if it stays

I wish I could put, all my troubles on a ship  
and let it go, over sea  
can't live, if it stays
