

97. We pay.

*Industries of war
all around the world
Work together
With the law on their side*

it's good just what they do
governments say so
leaving us in fear behind
and laugh it all away

**We pay, we pay
we must pay the price
with our children, our happiness
we must pay the price
with our loved ones, with our lives
we must pay the price
We pay, we pay
we must pay the price**

*Industries of war
work all around the world
the law on their side
no place for us to hide*

bombs drop of and on
we are in a fight
the sun's now forever gone
the hell is here tonight

**We pay, we pay
we must pay the price
with our children, our happiness
we must pay the price
with our loved ones, with our lives
we must pay the price
We pay, we pay
we must pay the price**
