

Geschied om in duet te zingen (man en vrouw)

30. I had to hit the road

I had to hit the road,
but rather stayed down town
I felled a little bit lonely
maybe to long the clown..
But people where waiting so
I start to drive....and knew oeoehoeoeo
I had to change this life

The welcome as expected
delusion looks of nice
Until she walked into the room
the opposite of ice
Between Masters of Business, she came in
as a total surprise.

I had to hit the road
but rather stayed down town
I felled a little bit lonely
maybe to long the clown..
But when I looked in her eyes,
the music start (music of the heart)

I forgot all previous lies.
I lost my head (he lost his head)
oeoehoeoeo
And she took my hart (she took his heart)

From then on lights were shining more bright.
And I heard myself say
Please Lord! let her stay the night, i prayed!
And together we walked out trough that door,
dancing and kissing, like never before.

O how I long to that night,
mmm how we kissed.
The taste of sweet summer wine
yeah, nothing we missed

I love to dance with her again,
mmm face to face,
Bear feet on the beach...
a passionate embrace

I had to hit the road
But, rather stayed down town
I felled a little bit lonely
maybe to long the clown..
But when I looked into her eyes
the music start (music of the heart)

I forgot all previous lies.
I lost my head (he lost his head)
And she took my hart (she took his heart)

oeoehoeoeo

I forgot all previous lies.
I lost my head (he lost his head)
And she took my hart (she took his heart)
could it be I saw you?
Through the clouds in my head
Everywhere is my home,
don't you, never ever forget?

She said.
Happy hour's here forever,
go trough that gate in your mind.
I can't tell you how but,
I'm sure you find
And then you visit the light-man
a new dimension of nice.
That's where you get your wake up call,
for Paradise

And when we're together,
all three of us above,
there is nothing more to do,
than enjoy the love!

I had to hit the road
But, rather stayed down town
I felled a little bit lonely
maybe to long the clown

I had to hit the road
But, rather stayed down town
I felled a little bit lonely
maybe to long the clown
