

## 169. I love you.

You are happy  
with your child...  
Yet you worry  
about what the  
government wants

I love you my love, my love, I love you  
I love you, I love you, I love you,  
Good bye,  
I love you, I love you,  
I love you, my love  
Goodbye.

Paying, paying, paying  
To an inhumane government  
Criminalized for years  
And now you've lost everything

The day that is to come  
that day is called tomorrow  
Tomorrow you will  
be free of worries and sorrows

Good bye my love,  
I love you my love, my love, I love you  
I love you, I love you, I love you,  
Good bye,  
I love you, I love you,  
I love you, my love  
I love you,

Paying, paying, paying  
To an inhumane government  
Criminalized for years  
And now you've lost everything

Totally ruined  
They bring you to your end  
a thief, also known  
as our government

Good bye my love,  
I love you my love, my love, I love you  
I love you, I love you, I love you,  
Good bye,  
I love you, I love you,  
I love you, my love  
I love you,

You had everything on track  
But then a jerk entered your door  
Your life lies in ruins  
Nothing is true anymore

Paying, paying, paying  
To an inhumane government  
Criminalized for years  
And now you've lost everything

Completely ruined  
They bring you to your end  
a thief, also known  
as our government

Good bye my love,  
I love you my love, my love, I love you  
I love you, I love you, I love you,  
Good bye,  
I love you, I love you,  
I love you, my love  
I love you,  
Good bye my love, goodbye  
goodbye, I love you ooooooooooooo

goodbye,

I love you

I love you
