Your smile is sweet, but fake  
however your eye's look very nice  
your mouth is one I like to kiss  
now your gone, I know what I miss

What is your name and where can you be  
was it all fake ore did you lay eye's on me  
and was your smile for real this time  
I wish , I wish you were mine

your body was moving happy and free  
and also your bon-bon was finding me  
your mouth is one who tells me what to do
