

95. Mary. young, wild and free

We where young, wild and free
But your voice... touched me

**Mary is the girl, that loves me...
true and tenderly
In a world hard and cruel
she is an angel for me**

Mary... I still love you,
I miss you, every day
can't live, my life without you...
please come back to me to stay

crazy but true...
Mary... I still love you,
young, wild and free
young, wild and free
young, young, young,
young, young, young,
young, wild and free

young, wild and free
young, wild and free
young, young, young,
young, young, young,
young, wild and free

**Mary is the girl, that loves me...
true and tenderly
In a world hard and cruel
she is an angel for me**

When you start singing,
everyone falls silent
they've never heard
such a beautiful voice

Your song touch people
deep in there hart
Men go crazy young, wild and free!
You are stunning to look at
young, wild and free!

I begged her not to go
But she disappears,
