WHEN I WAS YOUNG

When I was young
I made mistakes
All Doors where open
Thats all it takes
To do the stupid
grazy things
Who determined
What future brings

I've seen the devil in his eyes
and I've met angels by surprise
I fought monsters in my brain
never want to meet them again
Again again
Aaaaaaaaagain

When I was young
I made mistakes
All Doors where open
Thats all it takes
To do the stupid
grazy things
Who determined
what future brings

All changed when you stept in
with your immense beautiful love
You brought me a new begin
let me see bright stars above

When I was young
I made mistakes
All Doors where open
Thats all it takes
To do the stupid
grazy things
Who determined
what future brings

In my Angels eyes I see
She loves me till eternity
I met her by surprise
Aaaaaaaaa adorable wise

When I was young
I made mistakes
All Doors where open
Thats all it takes
To do the stupid
grazy things
Who determined
what future brings

I've seen the devil in his eyes
and I've met angels by surprise
I fought monsters in my brain
never want to meet them again
Again again
Aaaaaaaaagain
When I was young
I made mistakes
All Doors where open
Thats all it takes
To do the stupid
grazy things
Who determined
what future brings

In my Angels eyes I see
She loves me till eternity
till eternity she loves me
Aaaaaaaaa
