

61. Try to be a hippy.

Yeah YEAH!!!!

you on the top
Who pull's the strings
and let them drop
work for the better
stop the wrong you do

Try to be a hippy,
every now and than
Try to be a hippy,
until you understand
War kill's peace,
all over the world
and hunger comes
all over the world
Try to be a hippy,

every now and than

peace, love and happiness,
all over the world
its time for peace,
love and happiness
all over the world
we want peace,
love and happiness,
all over the world
peace, love and happiness!!!!

Try to be a hippy,
every now and than
Try to be a hippy,
until you understand
War kill's love
all over the world
and hunger comes
all over the world
Try to be a hippy,

every now and than

Cause all what you took,
Makes you a dirty crook
what you did was wrong
but it's pay back time right now
pay back time right now
pay back time right now
what you did was wrong

Try to be a hippy,
every now and than
Try to be a hippy,
until you understand
War kill's everything
all over the world
and hunger comes
all over the world
Try to be a hippy,

every now and than!!!

Greedy and rich
it's time to make a change
Rich greedy people
all over the world

All the things you do,
and all the things you say
let them make this world
a better place to stay

Let them make a world
where children can play
cause children create
don't take their soul away

let them create
with love every day
let them make this world
a better place to stay

all over the world
a better place to stay

all over the world

all over the world
