

3.2.It goes well...

[solo guitar intro]

It goes well
with General Motors
It goes well with BMW
It goes well, with Shell
but for me, it's hard to do

I'm cheated every day,
on important my creation
Im working as a horse,
almost no compensation

The banks, are making profit
and there bonus just arrived

money brings money,
time after time
and the poor wil stay poor,
they'll never have a dime
but It goes well
with general motors
it goes well with BMW
It goes well, with Shell
but for me, it's hard to do
I'm cheated every day,
on important my creation
Im working as a horse,
almost no compensation

The banks, are making profit
and there bonus just arrived

My children never get a chance, no university
Taken by the state. Just like you and me

money brings money,
time after time
and the poor wil stay poor,
they'll never have a dime
but It goes well
with general motors
it goes well with BMW
It goes well, with Shell
but for me, it's hard to do
I'm cheated every day,

on important my creation
Im working as a horse,
almost no compensation

The banks, are making profit
and there bonus just arrived

We can't afford good food.It's not an easy life
I lost one of my sons to a gang when they
robbed my wife.

but It goes well
with general motors
it goes well with BMW
with general motors
it goes well with BMW
